- Luxury model

£33,495

'A perfect blend of classic features, modern design and great value create an ideal 'home-from-home' environment that sets the New Hampton apart from all others.

At it's centre, a large stone effect fireplace and hearth act as a true focal point and are complemented by the soft tones of the overall colour scheme.

The chaise lounge feature instantly captures the imagination as it's easy to picture yourself reclining in comfort with a good book.

The apex feature windows allow for enhanced enjoyment of panoramic vistas from the lounge.
