- Superb condition
- Separate living room
- Loose furniture
- Family bathroom
- En-suite Wc
- Walk-in wardrobe
- Range style hob
- Finance available

£28,495

As I walked from room to room photographing each one I was genuinely taken aback by the quality and style of this pre-owned ABI Westwood.

Quite simply this has all the style and panache of much newer models and is a must-see holiday home.

Entering into the kitchen dining area with table for four and a fully equipped kitchen, one of the attractions of this model is the ability to shut off the kitchen from the lounge giving the option of a cosy lounge in the cooler months or a more open, social, space when guests visit.

A large lounge with 3 piece suite and patio doors is a great room to relax in.

The hallway leads from the kitchen to the twin bed guest room, a family bathroom (yes, with a bath!) and finally the master bedroom with walk-in wardrobe and en-suite wc.

The description doesn't do it justice. The photos don't really capture the feeling and quality on offer. This is a holiday home that must be seen.
