ABI Elgar

For sale at Pearl Lake Country Holiday Park

Lovely clean lines and a crisp modern feel are the order of the day for the ABI Elgar.

The ABI Elgar is a stylish, pre-owned holiday home with a sleek, modern design and a neutral colour scheme that's easy to personalise. Its open-plan layout creates a bright and inviting space, with patio doors at the front bringing in plenty of natural light.

The living area offers both comfort and flexibility. It features freestanding sofas (one of which converts into a double sofa bed) and a fireplace with a log-burning effect for added charm.

The well-equipped kitchen includes a gas hob, oven, grill, extractor hood, microwave, and fridge/freezer, ensuring everything you need is at hand. Adjacent to the kitchen, the dining area provides a relaxed setting for meals, complemented by subtle wood detailing on the walls.

The hallway leads to a family shower room with a WC, a twin bedroom with a freestanding wardrobe, and a spacious master bedroom. The master includes an integrated wardrobe and en-suite bathroom, offering a private retreat within the home.

Fully furnished and carefully maintained, this pre-owned ABI Elgar is ready to provide a comfortable and practical space
