£31,495

This BK Senator has a classic feel to it with more traditional styling and decor.

A different layout to most holiday homes the Senator boasts a separate lounge making it super cosy when it's chilly outside.

The kitchen is an efficient 'horseshoe' layout - everything to hand just where you want it - and also has a dining table for 4 people in the same room.

The extra length of the Senator gives the added bonus of being able to accommodate a family shower room as well as a proper bath in the en-suite master bedroom.

A twin bedroom for family and guests completes the layout.
