- Finance available

£32,695

The Regal Inspiration has long been a firm favourite with us. Great design layout accented with striking colours, fabrics and furnishings.

Entry is into a side hallway with closet for coats and shoes. An ideal space to be a buffer for the main living area so as not to waste all that glorious central heating on a chilly day.

The open plan living area is light and spacious. The kitchen is compact but perfectly laid out, right next to a dining area for 4 people. The lounge has plenty of seating (it even has a sofa bed) and is a great family or social space.

A twin bedroom for guests is next to the family shower room - a large corner shower awaits. The master bedroom has an en-suite w.c. and makes a perfect escape after a long day enjoying the beautiful surroundings.
