This is proof, if any were needed, that the ABI Ambleside Premier stands the test of time.

This pre-loved holiday home is in superb condition - testimony to the original build quality and materials used. The open plan living area is beautifully lit by the natural light from the large patio doors. The spacious kitchen and dining area has plenty of space for entertaining friends or a 'low light' romantic meal for two.

What makes this holiday home special at Pearl Lake is the third bedroom. Seldom to these models become available and they don't stay on sale for long when they do.

A family shower room (with wash basin and w.c.) is complimented by an additional w.c. to take the pressure off when you have guests or family staying for the weekend. The master bedroom is well finished and complimented by a twin bedroom and a third bedroom with a single bed.
