Retreat to this chic hideaway and leave everything else behind. The Beverley's soothingly neutral tones and unfussy interior feels simply serene. Graphic prints pop here and there, giving it a cool, contemporary vibe.

Brimming with mod cons and contemporary style.

The Beverley is full of stylish touches. The kitchen's design is pleasingly sleek, with minimalist lines and muted tones. Statement fabrics, cool bedside lighting plus a myriad of other design details make it possible to enjoy a chic break without having to step out of its door.
