Regal Autograph

Still as classy and composed as ever.

The 'Autograph' oozes style throughout - from the moment you walk in through the side entrance door in to the open plan living area there is a sense of reassurance that instantly makes you feel at home. The quality of the furnishing coupled with the natural light from the large glazed frontage is a winning combination, and the feeling stays with you as you move from room to room.

There is a shower room that services the whole property, a twin bedroom - ideal for visiting guests, family, and friends - and a superb master bedroom with an en-suite w.c.

A holiday home of this quality on a 5 star holiday park is well worth a viewing!
