£59,995

Atlas Style

For sale at Rockbridge Country Holiday Park

The side entrance door brings you off the generous decking into an open hallway with handy storage cupboard which then reveals a bright, stylish living area. The natural light from the (almost) South facing patio doors is exceptional, filling the living area from front to back.

The decking is a particular feature, extending the living area to offer a fabulous sun-trap, with bags of room for patio furniture.

The living room features a L-shaped sofa generously seating at least 5, plus there's a large footstool for extra bottoms. The russet and taupe colour palette gives the whole space a chic feel.

The quirky shaped kitchen has a matt black one and half sinks and drainer with mixer tap over. There's a built in microwave and fridge freezer, plus a dishwasher, along with plenty of cupboard space. The dining table and chairs sits in a cosy corner space.

There's a main shower room with large shower unit, a guest bedroom with twin singles. The main bedroom has plenty of storage, including wardrobes plus there's a well lit dressing table. It also has an en-suite w.c.
