## Seasonal Touring Pitches

### Benefits of a seasonal touring pitch at Discover Parks

- No towing = You can enjoy a stress free relaxing holiday
- No pre booking/you can arrive and go whenever you want
- Your touring caravan has a dedicated pitch
- No need to pack items away for towing
- Awnings can be set up and left ready for your next visit
- The park is fitted with CCTV cameras
- Rural locations, offering peace and quiet
- Walking in all directions from the parks
- Heated facilities including laundry and dish washing
- Dog friendly holiday park

Our seasonal touring pitches are very popular and demand often exceeds supply. Our store and stay customers often express their interest and as such we operate a waiting list and a first refusal system. Becoming a 'store and stay' customer first not only gives you the opportunity to see if you like the park but is often a great stepping stone to a seasonal touring pitch at Discover Parks.
